Tom and Sarah-Jane's winning kitchen celebrates a contemporary twist on the popular Farmhouse style. The colour palette balances grey, timber, marble, and bronze tones with a focus on subtle detail. Shaker-style Sierra doors in Oyster Grey dominate the space, broken up by glass kitchen cabinets and timber-look Warm Madeira joinery. New Brushed Antique Brass Knob handles, Ilve Majestic Cooker and Fhiaba fridges add the perfect amount of luxury to the room.

"Our kitchen style was 'Modern Farmhouse', taking inspiration from what a kitchen in the Cotswolds in England would look like, explains Sarah-Jane. I also knew I wanted to add shelving on either side of the island to display décor and give it a homely feel."

Rachel and Ryan created a L-shaped kitchen with a central island bench that is warm and welcoming. The family-friendly room centres around a soft and organic colour palette of warm white, marble, and brass. The pair selected thin Shaker-style Cora kitchen cabinets in Amaro Smooth, teamed with new Solid Brass Knobs and Solid Brass Bar Pull kitchen handles. Clever features such as the EDrive Bi-fold Lift-up wall cabinetry above the oven add an extra layer of luxury. A butler's pantry is also included where storage and organisation are maximised with a mixture of Häfele Tandem Pantries, cupboards, soft-close drawers, and open shelving.

"We wanted our kitchen to be a 'chefs delight' that makes meal prep, cooking, and cleaning as easy as possible, explains Rachel. We also wanted it to be spacious, have plenty of storage, and to be warm and welcoming."

Slim shaker-style Cora cabinetry in Amaro has been used throughout Ryan and Rachel's laundry, teamed with Solid Brass Knob and 160mm Solid Brass Bar Pull handles. The Euromaid washing machine and clothes dryer have been placed side by side, additional storage room as well as a place for a generous work bench above topped in Caesarstone® Primordia. Storage is king, with tall linen cupboards complemented with a bank of cabinets. Open shelving allows for styling décor to be displayed.

The galley-style mudroom has been divided into two zones. A seating zone, with open storage under a bench seat allows for easy storage of boots and shoes. On either side sits a broom cupboard as well as a linen cabinet, providing additional storage. Opposite, the inclusion of a Samsung Air Dresser ensures that this mudroom is a luxurious addition to House 2.

Light and bright, Omar and Oz's laundry makes laundry day a breeze. A large window above the sink and tap offers plenty of natural light and a pop of greenery against the Shaker-style Sierra joinery in Matt White and Caesarstone® Riverlet. Two Laundry Canvas Hampers, a hanging rail, and even smaller details such as the drawers placed beneath the appliances to allow for easy sorting of clothing feature. A V-ZUG washer, dryer and Refresh Butler from Appliances Online, LED Strip lighting and The Galley tap complete the look.

The mudroom is directly connected to the laundry, a logical choice that allows muddy clothes and clothing to be placed directly in the sink or washing machine upon entering the home. The showpiece of the all-white colour scheme is Freedom Kitchens' new Matt White Perforated Metal Inserts within the Shaker-style Sierra cabinetry.

The Blockheads stepped away from their own homes during Kitchen Week to lend a helping hand to two deserving neighbours, Tim and Tyler. The two young men, who are best friends, have been dealing amazingly with the obstacle's life has thrown at them. With the help of home care, the boys live independently in a family home that was in need of an update and Freedom Kitchens was thrilled to transform their old kitchen.

Shaker-style Sierra in Classic White Matt have been used throughout, paired with matte black handles, black cooking and cleaning TEKA appliances, and benchtops in Caesarstone® Noble Grey. Storage has been maximised with inclusions such as a Häfele Lemans Blind Corner Shelf System, Cutlery Trays and Ninka Bins making organisation and cleaning a breeze.

Monochrome masterpiece

Symmetry and a moody colour palette were key to homeowners Debbie & Roger's brief, so we brought this to life by designing a monochrome kitchen based around the two large black-framed windows that sit either side of the rangehood which is wrapped with our new V-Groove panelling.

A timeless yet classic colour palette of impactful Alaskan Black Ultramatt cabinetry and contrasting benchtops and splashback in Caesarstone® Empira White™ ensures that the heart of the home is a bright and elegant space. The beauty of this heart of the home is accentuated seamlessly with connection to the outdoor space.

Stunning Empira White benchtops continue to flow from the kitchen to reach a 5 metre galley-style butler's pantry. This space maximises functionality and is a perfect opportunity to hide away mess while entertaining.

Colour play

The Block alumni, Michael and Carlene, entrusted Freedom Kitchens to create a space which celebrates colour and a Classic Modern sensibility in their Gold Coast home which took ten years to renovate.

Revealed on the final episode of their 9Life TV show Ready Set Reno, the kitchen which is the heartbeat of their home, features cabinetry in Impressions Green Slate Flint. Carlene, who loves colour and incorporates it into all her designs, was drawn to the stunning green shade as it mirrors that of the gumtrees surrounding their home.

Green Slate doors have also been used in the laundry which flow on from the main kitchen area under arched doorways. Packed with storage, they act as workhorses of the home, while looking beautiful.

Karen & Patrick purchased a property in the Melbourne suburb of Elsternwick to renovate the kitchen and help create a home people would fall in love with.

Their kitchen showcases a stunning mix of Jericho Nuance and Charcoal Riven cabinetry from the Impressions range, both of which feature a beautiful timber-grain finish. To maintain sleek and clean lines, the cabinetry has also been used to integrate certain appliances and accessories within the kitchen, including a semi-integrated dishwasher and two pull-out bins.

Caesarstone® Airy Concrete™ benchtops tie in perfectly with the modern look and feel the kitchen evokes. The island bench adds generous storage with the inclusion of nine deep drawers and sleek, black open shelving on one end, which has been used to great effect.

Urban masterpiece

Guy & Jules Sebastian entrusted Freedom Kitchens to create their stunning entertainer kitchen which has been designed to complement the ultra-modern design of their family home in Sydney's Maroubra.

The kitchen, complete with a butler's pantry is grand in scale and set to impress with its architectural appeal and high end finish. Black Ultramatt cabinetry from Freedom Kitchens' Alaskan collection and seamless integrated Peak handles effortlessly complement the contemporary design of the rest of the home.

At the heart of the space is the showstopping island benchtop spanning a staggering 5.6 meters in length. The atrium provides an abundance of natural light, highlighting the colour and texture of both the island as well as smoothness of the black cabinetry and the back benches.

Hamptons with a twist

Homeowners Aidan and Lizzy have transformed their tiny 1960s U-shaped kitchen into a large, open and light-filled oasis.

They have created a modern Hamptons feel by using Freedom Kitchens shaker style Sierra Classic White Matt and Black Matt Smooth cabinetry, Matt Black Anodised Handles, contrasted with the clients' choice of timber doors and oak flooring.

Catering to a family of six, the space features a stunning Caesarstone® island benchtop in Statuario Maximus™ that is more than 3.6 metres long. The butler's pantry is another highlight; a luxurious addition that offers plenty of storage. Finally their new laundry also featuring Sierra Classic White Matt cabinetry, linen cupboards, laundry hampers and a 3 metre long Airy Concrete™ top from Caesarstone® completes their home's amazing transformation.

Hamptons chic

Jane and Tim's original kitchen was small and old with tiny drawers and no pantry space. Their brief to Freedom Kitchens was to create a larger kitchen with soft close large drawers, plenty of cupboard and pantry space with an island bench.

Their Coastal Hamptons inspired kitchen features stunning Caesarstone® Calacatta Nuvo™ for the expansive island bench and surrounding benchtops. Sierra Classic White Matt cabinetry, Satin Cup and Dimple Knob handles and integrated appliance complete the elegant and timeless look.

A modern classic

Scotty Cam came to Freedom Kitchens to help him create a more modern yet still classic kitchen for his family home in Sydney's eastern suburbs.

Drawing inspiration from Mediterranean design elements, his U-shaped kitchen retains the feel of the original structure of the home; enhanced by modern technology.

The cabinetry features the Sierra door profile in Cinder, while sections of the overhead cabinets feature vertical broadline glass doors to bounce light and add classic character.

Melamine Door Range

Melamine doors are a popular door with a flat profile, available in an extensive matt colour range including textured, timber grain and flint finishes. A great base for achieving your desired style by mixing and matching with varying textures, tones and finishes.

Benefits & Advantages

- Modern, practical and economical door finish
- Durable and easy to clean with a damp cloth
- Embossed wood grain finish imparts the realism, warmth & character of timber veneer and provides a real wood feel

Newbury Door Range

Impressions Door Range

Alaskan Door Range

The Alaskan door is a popular door choice, available in a variety of contemporary colours and is ideal for achieving a sleek modern look. It is manufactured and produced in a variety of striking European inspired colours.

Benefits & Advantages

- Available in both Gloss and Ultramatt finishes
- Constant surface quality
- UV resistance ensuring intensity of colour over time

Luxe Door Range

Silky smooth pure matt finish with surface technology reducing fingerprint & scuff marks.

Benefits & Advantages

- Low light reflectivity
- Anti-fingerprint qualities
- Soft to touch
- Durable and easy to clean using a damp cloth

Door Profiles

Thermolaminated Door Range

Thermolaminated doors offer a durable finish with the option of having a profile on the door. The vinyl is wrapped around the door (including all edges) and then heat sealed. Choose from a wide selection of colours as well as finishes including matt or textured woodgrain to suit your kitchen style.

Benefits & Advantages

- Available in different colours and profiles
- Excellent resistance to impact, making it an ideal choice for busy households
- Non-porous and easy to clean

Benchtops

Laminate Benchtop Range

Our laminate benchtops are available in a wide variety of colours at an affordable price, making them a practical and economical solution. With low maintenance and easy to clean surfaces, laminate benchtops are a consistently popular choice.

Benefits & Advantages

- Fully sealed and resistant to stains, scratches and moisture
- Durable and hard wearing
- Variety of colours, including stone and timber looks
- Easy to clean
- Also available in the Signature Range

Premium Laminate Benchtop Range

The authentic texture of timber is characterised by knots and planking to create a natural wood feel. Vertical grain edging is also applied at the end of the run, mimicking solid timber.

Benefits & Advantages

- Can withstand knocks, scratches and abrasions. It is hygienic and easy to clean, anti-mold, anti-static, waterproof and resistant to dry heat, rubbing and domestic agents.

Caesarstone Mineral™ Surfaces

Caesarstone Mineral is an elegant surface manufactured from natural, innovative and recycled minerals. These are durable and easy to care for and maintain. Available in many colours, it can be used in large pieces without requiring any joins.

Benefits & Advantages

- Highly scratch, stain and heat resistant
- Easy Care and Maintenance
- Design flexibility
- Available in range of thicknesses with modern edges

Accessories & appliances

There are many impressive accessories and appliances you can choose to help enhance your dream kitchen. From pantries, corner shelving, cooking agents and towel rails to Teka and InAlto appliances, all these additions will make your kitchen more attractive and functional.

Carefully consider not only what you like aesthetically, but how well it will perform. Your design consultant can help recommend the 'must have' accessories for your kitchen.

Whatever your kitchen style, there's a tap to suit.
As well as style and colour, consider sink size and functionality;
you may prefer a certain type of lever or the
convenience of a flexible gooseneck to make washing up a breeze.

Handles

Handles are a small detail in a kitchen with the potential to make a big impact. If you choose to have handles on your cabinetry (remember that handle-less touch-catch is also an option) then be sure to choose a style that matches the profile of your doors and drawers - your design consultant will be happy to assist.

Frequently asked questions

How long does the average kitchen renovation take?

Every kitchen is different, but we suggest that customers allow at least 6-8 weeks from start to finish.

How soon can I have a kitchen designer visit me?

In most cases we can have a professional consultant in your home by the next business day.

I've paid the deposit on my kitchen and have changed my mind and want to cancel. Can I get my money back?

There is a 5 day cooling off period. Beyond this period, you have entered into a legal contract which states Freedom Kitchens is entitled to retain all reasonable costs and expected margin that would be derived from the job should it have proceeded to completion, subject to the non-excludable guarantees and warranties under Australian Consumer Law. The placement of a kitchen order generates significant work including the creation of original designs, check measuring, CAD drawings, and client account management.

What does my warranty cover?

Please refer to www.freedomkitchens.com.au/quality-guarantee for details.

Does Freedom Kitchens carry out the installation of my kitchen?

Freedom Kitchens operates a design and supply-only business. We can provide you with the names of licensed tradespeople in your area who can assist you to install your kitchen. Any information we provide you should not be regarded as a recommendation and is for information purposes only. You should make your own enquiries and determination as to the tradespeople you ultimately engage to install your kitchen.

Can we install the kitchen ourselves?

Freedom Kitchens is a design and supply-only business. However, we strongly recommend you using tradespeople who are fully licensed and who have lots of experience in installing kitchens.

Talk to your proposed tradespeople before you engage them and ask them to provide references and examples of their recent work.

Can you remove our existing kitchen?

Yes, for a fee, the site checker can arrange for your existing kitchen to be removed and disposed of.

Do you do flat pack kitchens?

Yes - this is our best Signature Range which we deliver to you ready-to-assemble, rather than factory assembled. It's perfect for flip or fast projects, and our in-home design appointment is still included to help with your plans. An Essential range kitchen can be delivered to your door in as little as 10 days after final payment. Simply download the Essential brochure and book an appointment on our website.

Do you replace or sell single units (eg. pantry, handles, benchtops)?

We specialise in the sale of complete kitchens but previous customers may add some of our inclusions to their kitchen.

How do I look after my kitchen (in terms of cleaning & maintenance)?

On completion we provide you with a brochure with tips on maintaining and enjoying your new kitchen.

Do you sell appliances on their own and can we provide them ourselves if we want to?

Ask your designer about our Inalto appliance range. Inalto creates world-class kitchen appliances, using the finest European technology for maximum performance at an affordable price.

Whether you purchase your appliances through Freedom Kitchens or source independently, all appliance specifications will be required to commence production of your kitchen.

What should I do if I have a compliment or complaint?

Have your job number ready when you call our Customer Service team on **1800 113 733** or email service@freedomkitchens.com.au
